What we expect

While there are many benefits to becoming one of our accredited offshore schools, we expect the highest educational and operational standards from our partner institutions. This is critically important as we strive to protect and promote New Brunswick's strong reputation and standing in the international community. We urge you to provide as complete a submission as possible when you submit an application to our team to begin the review process. Only those that meet our high standards are given our international respected seal of accreditation.

Our experienced and knowledgeable team will be there to guide you through the comprehensive application and review process. Once approved, schools join an elite family of high-quality institutions that provide students around the world with the benefits of studying the New Brunswick (Canada) curriculum and earning our prized high school diploma.

Our programs

We offer several program options, and depending on local circumstances, can often customize an offering that works for our partners while maintaining the integrity of the New Brunswick curriculum and graduation diploma. Further, we are often able to create a blended arrangement with an International Baccalaureate program of studies.

All our programs can be combined with an opportunity for students to study for a semester or full year here in New Brunswick through our widely respected international student program.

In keeping with New Brunswick's status as the only officially bilingual province in Canada, we can offer a blended program of English and French studies for your students.
