

INSPIRING GROWING READERS

Designed using New Brunswick's Building Blocks for Reading Continuum, this course has six (6) modules and has been specifically created for use at the elementary level to assist you in creating a clearer path to effective reading instruction in your classroom.

Module 1: Research and Reading Instruction

Module 2: Phonological Awareness

Module 3: Phonics

Module 4: Fluency

Module 5: Vocabulary

Module 6: Reading Comprehension

WHAT TO EXPECT

The course will begin by examining the continuum and the expert evidence-based research behind it and by the end of the course, you should be equipped to:

- Summarize current research around cognitive reading theories pertaining to “the reading brain.”
- Explain developmental reading research and reading phase progression.
- Explain assessment guidelines for phase outcomes.
- Evaluate phonological awareness outcomes and phase progression.
- Evaluate phonics outcomes and phase progression.
- Evaluate reading fluency outcomes and phase progression.
- Evaluate vocabulary outcomes and phase progression.
- Evaluate reading comprehension outcomes and phase progression.
