

HIGH SCHOOL PROFILE - NEW BRUNSWICK

SCHOOL DESCRIPTION: New Brunswick has high schools focused on preparing their students to be life-long learners, responsible citizens and open-minded adults by providing the knowledge and skills necessary for success in the world of tomorrow. The Province is proud of its inclusive education system and the strong academic and extra-curricular programs offered at high schools across the province.

New Brunswick is the only bilingual province in Canada and, therefore, every student enrolled in the public education system has an opportunity to be exposed to the French language. Additionally, there are a number of high schools across the province that offer Advance Placement (AP) courses and one high school offers the International Baccalaureate program.

WHAT YOU CAN EXPECT TO FIND: High schools in New Brunswick customarily have the following resources:
