DON'T MISS YOUR MOMENT

Our vibrant cities, charming towns and peaceful countryside provide a rich mix of tradition and culture. Located on Canada's east coast, New Brunswick is known for its wide-open spaces, fresh air, magnificent wilderness, and beautiful beaches.

As Canada's only bilingual province, every part of New Brunswick has its own way of extending a warm welcome.

Here you will be greeted with big hearts and friendly smiles.

"The best part about my experience in New Brunswick was that I got to play on the school soccer team.

My team got to represent our high school and the community at games against other schools in New Brunswick."

LIAM FROM THE NETHERLANDS

"The thing that I noticed the most about New Brunswick was how welcoming the people are. Everyone is so kind! My host family, friends at school, teachers, neighbours and even my dogs and cats were all so kind."
